To Whom it May Concern,

We have been doing business with CJC Roofing for a little over 4 years now. As a General Contractor it is vital to our business that our sub-contractors represent us very well, as they are an extension of our company. It is of the utmost importance that we can count on their professionalism, work ethic, quality, and production. I cannot say enough good things about Dave Noorlander, Project Manager of CJC. He definitely fits the bill and provides a level of service that keeps us coming back time and again. We have come to a point where we virtually work exclusively with Dave for all of our roofing needs. On occasion we shop his pricing only to find that he is always very competitive in the market place. Sure we've found less expensive roofers from time to time but each of them we have actually hired gave us nothing but headaches and hassles. We highly recommend CJC Roofing for all of your roofing needs.
